

January – June 2013

# Six month action plan

# Premier's message

## January – June 2013 Six Month Action Plan

---

The Queensland Government laid the foundations for a stronger future for Queensland with the delivery of commitments made in the *First 100 Day Action Plan* and the *Six Month Action Plan July to December 2012*.

But, our work is far from over. Our second six month action plan outlines the commitments we're making to Queenslanders for January to June 2013 and further highlights our determination to get on with the job to secure the future prosperity of our state.

Queensland is a great state, with great opportunity. We will continue to capitalise on this to build confidence in our economic future, increase certainty for industry, balance the budget and achieve our four per cent unemployment target in six years.

A handwritten signature in black ink, which appears to read 'Campbell Newman'. The signature is fluid and cursive, with a large initial 'C'.

Campbell Newman MP  
Premier of Queensland
