

Trapping Assistance program Application

Project conditions

South Burnett landholders applying for assistance with wild dog and feral pig trapping activities. Trapping will be undertaken by a contractor appointed by the project management group. The level of assistance provided will be determined by the contractor to achieve the best results on a landscape scale. All scalps will be returned to South Burnett Regional Council and scalp bounties will be paid to Kingaroy Landcare Group for future projects.

Yes No

Consent to enter & forfeit of scalps

I give permission for authorised person(s) or persons under the direction of authorised person(s), to undertake any necessary activities to:

- search for, remove, destroy or otherwise control any pest animals declared under the *Land Protection (Pest and Stock Route Management) Act 2002* on the above lot on plan for the purpose of active involvement in the South Burnett Trapping Project.

I hereby forfeit all bounties for scalps collected as part of this project to Kingaroy Landcare Group to be used in future projects as part of my contribution to this project.

I was informed by the authorised person(s) that:

- I am under no obligation to consent,
- The purpose of the entry is to control wild dog and feral pig populations
- The removal, destruction or control methods that may be used by the authorised person(s) include: mechanical trapping.

I state I gave the authorised person(s) (or persons under the direction of authorised person(s)) consent to enter the above lot on plan to undertake the activities listed above for the period 01/05/2014 to 30/07/2014.
