
Burnett Pest Management Group, Pest Management Leadership Awards recognize individuals who have made a significant contribution to our region and achieved exceptional results in the field of Pest Management

I would like to nominate:

Name:

Address:

Suburb:

Phone Number: (H) (W) (M)

Date of Birth:

For a 2013 Pest Management Leadership Award in the following Category

(Please tick one box only):

Innovation – Use of technology, innovation and best practice treatment methods to achieve successful pest management outcomes.

Proactivity – Displayed outstanding leadership and ongoing efforts in the area of pest management.

Community Involvement – Works with community to raise awareness and encourage participation in coordinated pest management programs.

Pest Management Program – Has developed and implemented an effective pest management program on their property.

Education – Undertakes a proactive role to foster awareness of threats caused by pest plants and animals including working with community groups, schools or education facilities.

Please tell us in between 200 and 500 words how this person has made an outstanding contribution to Pest Management, in 2012, and why you believe they are deserving of a Pest Management Award. *(Please attach extra sheets if necessary & photos)*
